Related Jobs is the book of the bible and in it we have a story of a woman who sold all that she had to get her husband a ring. It is said that the townspeople were so pleased they made a ceremony to praise her. However the leaders of the church didn't want the people to read the story about the woman because they said it was a bad example to women and they were afraid that the people might fall on the wrong actions. The problem that existed today is that we still have men who view women as property and as far as we are concerned not very good property to own. I feel that as a society there needs to be a revolution that change the way we treat and view women. I would like to share with you the story of that woman that we read in the book of the bible and I hope that it will be the change that we all need.
